Health and Safety Policy

Statement of Intent

This section of the Policy Document and the following statement of intent made by the Managing Director relates to the commitment of SFM (UK) Ltd (The Company) to the Health and Safety of all those affected by the work activities and operations undertaken by the company at client sites.

General Policy Statement

In compliance with the requirement of Section 2(3) of the Health and Safety at Work Act 1974, SFM (UK) Ltd effectively discharge our statutory duties by preparing a written Health and Safety Policy.

A copy of the Policy, which outlines our Health and Safety arrangement and organisational structure, is available for each employee along with any interested person who may be affected by our work activities.

In order for the company to discharge our statutory duties, employees are required by law, to co-operate with management in all matters concerning health, safety and welfare of themselves and any other person who may be affected by their acts or omissions whilst at work. The successful implementation of this policy requires total commitment from all levels of employee, from the management down.

The main health and safety management system for the company can be located in the head office and is available for inspection by any interested party following a reasonable request.

The company agree that in order to ensure that the policy and arrangements are sustained in an effective condition, it is essential that the information is up to date and accurate. It is the responsibility of the health and safety manager to ensure revisions are made which reflect changes that have taken place within the company and external changes that may effect the company i.e. legislative, or specification or standard specific. The health and safety manager will review all documentation at least annually or following incident reports or findings from management inspections that may raise concern.

The CEO agrees to allocate adequate resources for the implementation of a successful and effective health and safety management system throughout the company to maintain continuous improvement of health and safety within SFM (UK) Ltd.

Signed: Gary Hewitt
